SE-14

1. In accordance with our conversation Thursday, I attach proposed contribution from OSI for the clandestine warfare part of SE-14.

2. Due to the unexpected arrival of an outside distinguished visitor, I was not able to work on this Saturday morning as I had expected. You will find it needs considerable revision to fit it into what you want.

3. I will be back in the office Monday morning, October 1, after one week's leave. If this matter could wait until that time, I should be glad to put it in better shape.
